[Verse 1]
New year, new me kind of thing
'Til you came and ruined everything
I gave my heart but oh, for what
Wasn't supposed to go like that
Fucking up this year sure went fast
No one did it like you, touched me like you

[Pre-Chorus]
Boy, I really lost it when I saw the names
on your phone Now I know you never
sleep alone
I need too much attention for that
I gave all I got to someone who did not
I think you forgot

[Chorus]
Boy, I sent you nudes, I don't regret
Boy, you're so rude, left me on read
I made up rules, made me forget Got
me unfocused, I'm so fucking
hopeless
I know I'm a fool, fool, fool
I'm your 2020 fool, fool, fool
